## OPTIMUS EMR, INC. ACHIEVES FULL CCHIT CERTIFICATION

IRVINE, California – Optimus EMR, Inc. announced today that the Certification Commission for Health Information Technology (CCHIT®) has completed its review of the functionality and successful use of its systems at several live locations. The result of this final step in the rigorous process is the elevation from Pre-Market conditional certification. Optimus EMR, v.7.5.4.3 is now a CCHIT Certified® 2011 LTPAC with Skilled Nursing Facility.

Robert C. Davis, CEO of Optimus, stated “This is the final validation step of our commitment to achieving the highest standards of performance in the Long Term and Post Acute Care EHR industry.

### About Optimus EMR, Inc.

Optimus EMR, Inc. is the long term care industry (LTPAC) leader in providing the most comprehensive Electronic Health Record (EHR), Point of Care documentation tools, “eCharting”, Electronic Medication and Treatment Administration Records (eMAR/eTAR) and a full function physician module. The system is designed to conform to all aspects and the intent of HIPAA and HITECH regulations. Additionally, through electronic interfaces with third party systems the Optimus system shares appropriate electronic medical record information with the admitting and attending physicians, admitting and discharging hospitals, clinical laboratories, institutional pharmacies, RHIOs and quality assurance organizations. All of these functions combine to improve patient care and facility operations.

The Optimus EMR System is a mature and time-tested true EHR Solution that has been fully operational in hundreds of facilities and over 30 states since 2001.
